

Siddharth Pratap Singh

Operation Head (Faraday Search Lab)

Cognizance IP LLP

“Keeping in mind the 'big picture' helps me to provide better service to my clients.”

About:

Managed a team of associates/senior associates for a web search engine giant in providing consulting engagements related to patentability, patent licensing/commercialization, and Patent conflict matters. Assisted an automotive giant in cost benefit analysis for an in-bound IP licensing project. The overall licensing cost reduced by approx. USD 50 Million.

He has assisted a telecom client in an intellectual property monetization project. The client generated around USD 10.8 million through licensing model.

He has managed a team of Research Associates in executing projects such as Patent Portfolio Analysis for suggesting potential Intellectual Property asset investment/divestment for the respective technology areas.

Successfully assisted clients on several on-site projects in New York, Silicon Valley and Bay area; contributed to patent litigations worth multi-million dollars in settlements. Received great feedback from the clients on several occasions.
